

Troop 993 Adult Vehicle Information

According to council policy, a Tour Permit, or "council permission form" must be completed each time we travel away from our meeting place on a camping trip or field trip. The Permit requires we list every driver including certain vehicle and vehicle insurance information. To maintain a master list of our drivers, please complete the information below and return it to Cindy Bradshaw.

This information is required annually since vehicle insurance information may change. Please complete the form for all your vehicles. This will ensure information is on file in the event you ever drive.
